Pacific Party Canopies Inc

Covering All Your Rental Needs

Handling Instructions

Linen & Fabric Items

To avoid additional charges upon return of your order:

- ◆ All items must be returned dry and free of food and other waste (including confetti, flowers, etc.)
- ◆ Damp linens will mildew within 24 hours if not properly handled, and mildew cannot be removed.
- ◆ Shake out linen to remove debris from surface. If linen is damp, allow to air dry before placing in cotton laundry bag provided (do not place soiled linens in the dryer).
- ◆ Place DRY linen in bag.
- ◆ Do not place full laundry bags in plastic bags or bins (mildew will occur).
- ◆ All hangers, clips, bins and other non-linen materials must be returned.
- ◆ Candle wax is very difficult to remove and will stain linens. Please place something under candles that drip to avoid damaging linens.

Replacement cost including freight
will be charged for lost or damaged items.
